

## Domestic Abuse Awareness Workshop

**Liverpool John Moores University** is proud to be working in partnership with evidence-based training specialists, **onEvidence Ltd** in order to provide staff with the opportunity to engage in a virtual (2 hour) '**Domestic Abuse Awareness Workshop**'.

Domestic abuse affects **1 in 4 women** and **1 in 6 men** in their lifetime. The workshop aims to address such subjects as; how to recognise the signs of domestic abuse, where to get help and how best to support a person experiencing abuse.

This opportunity is **FREE** and open to LJMU/JMSU staff - Places are limited and can be booked, using the link below. More info can be found overleaf.

**Book Your Place Via:** [LJMU Staff Development Calendar](#)

## Domestic Abuse Workshop

What do you think domestic abuse looks like? Is it always physical? How can you support a person experiencing abuse?

**Over two hours**, we explore how you may identify someone that is experiencing domestic abuse and discover ways in which to support them.

### AIMS & LEARNING OUTCOMES OF THE WORKSHOP

This course will enable you to:

- Describe what is meant by the term 'domestic abuse'
- Be aware of the impact of abuse and violence on victims
- Explain the prevalence of abuse in the UK
- Identify key risk factors in victim and perpetrator populations
- Demonstrate cultural competency

### WORKSHOP DATES/TIMES:

- **Wednesday 26<sup>th</sup> May 2021 | 10:00 – 12:00**
- **Thursday 27<sup>th</sup> May 2021 | 10:00 – 12:00**

## A LITTLE BIT ABOUT ONEVIDENCE LTD

Evidence based training courses, education consultancy and research services portfolio serving employers in the public, private and third sectors.

OnEvidence was established in response to a growing need for CPD training that could better inform practitioners and policy-makers. Evidence based practice produces more reliable, sustainable outcomes. Our training courses are developed using the best available current empirical research, incorporating the experience, expertise and judgement of our extended family of experts.

Our interdisciplinary approach, and increased communication and interaction between the worlds of research, policy, and practice, means that our training courses offer the very best in sustainable, meaningful, continuing professional development CPD.
